Enriched Jewish Early Childhood Education

CHABAD NESHAMA
PRESCHOOL
AND DAYCARE

A child's first school experience sets the tone for life. What kind of preschool would you choose?

Chabad Neshama Preschool

provides young Jewish children with a stimulating and enriching ECE experience. Eternal Jewish values drive the curriculum, environment and school culture, with emphasis on building good character through kindness, respect, compassion, confidence and responsibility. This approach, together with open, creative and dynamic learning, results in a beautiful Jewish ECE experience that is nurturing and lays a solid foundation for their future growth.

“Thank you for your hard work and effort in making this Preschool a remarkable part of the foundation for my son. You have a pleasant and dedicated staff and, most importantly, run a top-notch program!”

— *Jessica, Mother*

Our school is an affiliate of the international Chabad Lubavitch movement that is dedicated to spreading the wonders and rewards of Judaism throughout the globe in a nonjudgmental and inclusive manner.

Nearly one million Jewish children attend Chabad's schools, institutions, summer camps and extracurricular programs around the world. Our global centers serve the needs of all Jews, regardless of their level of knowledge, observance or affiliation.

“As a father, it gives me tremendous peace of mind knowing that my daughter is in a caring place while I'm at work.”

“We thought about what the ideal preschool would look like. Then we started to create it.”

— SARAH SILVER, DIRECTOR

“All educational efforts must be built on the solid foundation of good character.”

— THE LUBAVITCHER REBBE

Sponsorship Opportunities
